

**Maryam Nasizadeh**  
**South Texas College of Law**  
**2L**

Maryam attends South Texas College of Law Houston and will graduate in December 2025. She has a Master of Science in Subsurface Geoscience from Rice University and a Bachelor of Science in Geology with a Minor in Global Energy Management from the University of Houston.

Maryam serves as the Secretary of the Intellectual Property and Technology Law Society and as a Pupil at the Nancy F. Atlas Intellectual Property Inn of Court. Before pursuing law, she spent seven years as a geologist, working for oil and gas operators and investment banks. Her commitment to community service is evident through her volunteer work with The Beacon Homeless Services, Big Brothers Big Sisters of America, Houston Welcomes Refugees, and the Urban Land Institute Building Industry Leaders program. As an immigrant who moved to the USA at the age of five, Maryam's dedication to volunteering is deeply personal and played a significant role in her decision to study law.

Last summer, she clerked at Liskow & Lewis APLC, conducting legal research, drafting documents, observing depositions and hearings, and supporting attorneys in client cases. She also served as a Judicial Clerk for The Honorable Dedra Davis at the 270th District Court, assisting with case management and the timely resolution of civil disputes. This summer, she will be working with Exxon's land team on their land transactions.

With a strong foundation in law, science, and business, and a dedication to helping others, Maryam aims to leverage her diverse skills and experiences to make significant contributions to the field of intellectual property law and beyond.
